

A woman with a frustrated expression is shown in a cluttered workspace, struggling to tear a piece of packing tape from a cardboard box. She is holding the tape with both hands, and her face shows signs of strain. The workspace is filled with various items: a laptop, a white mug, a pair of yellow-handled scissors, a pen holder with multiple pens and scissors, a notebook, and several cardboard boxes. In the background, there are shelves with more boxes and a wall covered in sticky notes. A small, tangled white string is visible near the woman's head. The overall scene conveys a sense of frustration and difficulty with a common task.

找不到剪刀，浪費時間。
