

用個膠帶還要用指甲摳半天，
才找得到膠帶的頭，

剪刀咧??

A woman with a frustrated expression is shown in a cluttered workspace, struggling to tear a piece of packing tape from a cardboard box. She is holding the tape with both hands, and the tape is tearing from the middle. The workspace is filled with various items: a laptop, a white mug, a pair of yellow-handled scissors, a pen holder with multiple pens and scissors, a notebook, and several cardboard boxes. In the background, there are shelves with more boxes and a wall covered in sticky notes. The overall scene conveys a sense of frustration and difficulty with a common task.

膠帶還常常撕不好、
從中間裂開，超麻煩的。
